

As a member of the Omaha, NE community, K-LOVE promotes positive values that can positively effect our community. It also provides my family with a station that I can trust not to play or say inappropriate messages.

I believe that the service of K-LOVE is a vital interest to the community and that the positive influence that they have on the lives of their listeners should not be taken lightly.

Please do not replace K-LOVE's signal with an LPFM.

Thank you for your time,

Charles E. Miller, Jr.
